2. *Building:* The structure is covered in light grey hardie-panel, accented with cream trim, and contrasted by a green standing seam metal roof. All four (4) elevations have an accented gable roof, and raised parapets. The façade has a porch, and the west elevation has an outdoor seating area. The improvements included a northbound turn lane and southbound right turn lane. The improvement

package was approved by the Town of Davie and Broward County, but it is unclear why the improvements were not installed. 6. *Drainage:* The subject property lies within both the South Florida Water Management and South Broward Drainage Districts. Permits from these agencies shall be obtained prior to issuance of any site development permit.
7. *Temporary Uses:* The site plan indicates a temporary construction trailer at the northeast corner of the site. Approval of the site plan shall be deemed as the approval for the Temporary Use Permit for this use for a period of time not to exceed one year.
